National News
Kids Day is Sunday, June 18
(from ARRL Bulletins)

Kids Day (<http://arrl.org/kids-day>) is Sunday, June 18. Sponsored by the Boring (OR) Amateur Radio Club, Kids Day is the perfect way to introduce a young person to the magic of Amateur Radio. Open your doors, have some hot dogs or pizza, and let the youngsters find out what Amateur Radio is all about — perhaps stations they hear or work on a map or coloring in a map of states worked. Or, help them build something, such as a simple kit.

The event kicks off at 1800 UTC and runs through 2400 UTC. Operate as much or as little as you like. The suggested exchange is name, age, location, and favorite color. It’s okay to work the same station more than once if the operator has changed. To attract attention, call “CQ Kids Day.”

Suggested frequencies: 28.350 to 28400 MHz, 24.960 to 24.980 MHz, 21.360 to 21.400 MHz, 18.140 to 18.145 MHz, 14.270 to 14.300 MHz, 7.270 to 7.290 MHz, 3.740 to 3.940 MHz, as well as your favorite 2 meter repeater (with permission of the repeater’s sponsor). Be sure to observe third-party restrictions when making DX QSOs.

More information, along with a free participation certificate you can fill out and print yourself, is on the ARRL website. Take some time to inspire the next generation of potential radio amateurs!

New Secured Area on the IARC.Club Website

Hey Gang,

As requested by the membership I have created a “secured” area on the club website. This is for members only. You do have to complete a form that will get you registered. Once completed and approved, you will be allowed access into this “secured” area. This particular area is for members only. The rest of the website is open to anyone and we hope that you do share all of the information that is on the open portions of the website with you friends.

Here’s a link to get you signed up for the “Members Only” pages: <http://iarc.club/registration.html>

At the last meeting it was suggest that we have a contact phone number listed on our website. I volunteered my phone number for contact information and it is now posted on several different areas of the website.

Oh, by the way, did you know that you can access the IARC website via w8we.org or iarc.ws or iarc.club? You can, and I would strongly suggest that you visit often to get the latest information about our club meetings, VE Testing and all sorts of other Ham Radio news.

Field Day Preparations

This year Field Day will be held at the Block House in Mansfield. It's just off of Park Avenue West and is a great site, as that it is also a historical site as well. That's right, here's a way to not only show off Amateur Radio, but also do it with a little fare as well. What better location than to have it at a historical site! Wow.. this will be a home run for sure.

On that Saturday, June 24th at 6pm we will also have a club picnic too. The club will provide bottled water and the meat. You are asked to bring your favorite covered dish. There's a great pavilion for us to use to get us out of the sun (there's no rain in the forecast!!) for the picnic! Let's all get together on this and have a real blowout picnic while having fun with Amateur Radio.

For more information please contact Danny, W8DLB at: w8dlb113@gmail.com

Club History

Did you know where the club call actually came from? You can find that information, along with a lot of other interesting facts about InterCity on the website. I am still going through a lot of old information and getting it all posted on the website.

Did you know that next year InterCity will be celebrating 85 years of Affiliation to the ARRL? It's true, we were formed and Affiliated back in 1933. Here's a link for you: http://iarc.club/about_the_club.html

PROPOSED By-Laws Changes
